Subject: Training of instructor under Modular Pattern of craft instructor Training Scheme.

Sir/ Madam,

This is in continuation of this office order of even no. dated 29th May, 2012 informing that instructors of 'Engineering Trades' only who have earlier completed P.O.T. module and passed the exam, are exempted and will not be required to undergo training in 'Training Methodology' module and pass the exam.

In this context, it is informed that following norms shall apply for instructors of 'Non-Engineering' trades:

1. They should complete the Training in TS-1, TS-2, POT and Vocational Calculation & Science Modules of the respective trade/trade group and pass the prescribed test within period of three years, to acquire the status of trained instructor.
2. Those instructors who have completed POT Module earlier as per above order are exempted and will not require to undergo training in TM Module & pass the test. In such cases the word "Exempted" will be inserted in the marks column of the TM Module in the consolidated mark sheet.
3. Candidates who fulfill the above conditions will be issued "National Craft Instructor Certificate" and have status of Trained Instructors.

Yours faithfully

(D. Mallick)

Dy. Director General of Training.

Copy to:

- (1). TU Section of DGE&T for information and necessary action
- (2). TT Cell of DGE&T for information and necessary action
